

Heating Supply Co.

Wholesaler of Air Conditioning • Heating Equipment • HVAC Supplies

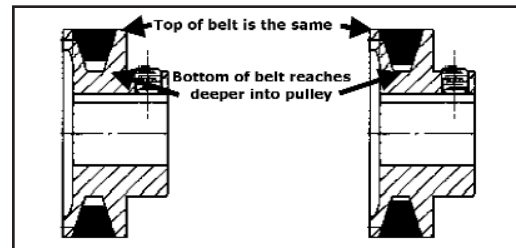

As a Source for Jason's Complete Line of Industrial Belts for HVAC/R

Select Multi-Plus® A & B Belts and Discontinue Your 4L & 5L Inventory!

Dual Part Number System is more than just labeling.

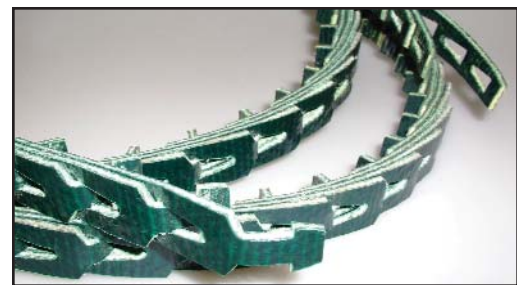

FHP & Classical have the same top dimension. Heavy Duty Classical is deeper, allowing more belt/pulley contact.

- up to **double** the horsepower rating
- reduces sheave wear
- reduce inventory carrying only one style
- made to perform
- priced to compete

Jason's Accu-Link® Adjustable V-Belts Ensure You'll Never Be Without the Right Belt!

- permanent or temporary replacement for conventional V-Belts
- easy to assemble

Jason Industrial Also Manufactures a Complete Line of Pulleys and Sheaves for HVAC/R!
